**Primary Class Lead Teacher**

My name is Jing Qiao, and I am happy to be part of Mayland Academy. I come from Beijing, China, Where I worked as a math teacher in middle school for six years. I earned my Bachelor's degree from China Agricultural University in Mechanical Engineering and obtained my Master's degree in Actuarial Science in Columbia University, NY. I and my husband lived in Johns Creek, we have two Children, Sophia is a sophomore in High School and Angelina is in first grade in Elementary School.

I am looking forward to getting to know your child, I am confident that we can provide the support and encouragement needed to help your child excel.
